Committee positions

Nick Thom indicated that he wished to step down. John Weatheritt volunteered to take on the role of club secretary.

John Bennison also wished to step down and Ian Smith was happy to step into the role.

These appointments were approved by those present, but it was agreed that the membership should have an opportunity to comment. An email will be sent out to all members soonest.

Membership

Can we retain current members? Current membership stands at 25 people. We hope to retain as many of these as we can and continue to recruit new members.

We agreed to publish and display some flyers locally to raise the profile of the club.

It was noted that the membership is skewed heavily toward the MAMILs and efforts should continue to recruit more women.

I. Women

Further discussion required to establish a strategy.

II. Youths

To bring youths into the club we need a coach. Investigate courses for coaching and the possibilities thereafter.

Weekly arrangements

7.30 seems to be good for Wednesday night. Sunday should be 8am. The membership has already been consulted on this.

Future events

Discussion took place about running a further TT series this season. It was not decided whether this should go ahead or indeed whether it should be a confined series or a one off open event.

We have been invited to attend the KWS sportive in Ballater on the 4th October. A number of members have expressed their intention to ride at this event.

For the 2015 season it would be good to think about a sportive or APR(Australian Pursuit Race).

Advertising and marketing

Advertising and marketing - we need to stick posters up and think about flyers.

Finances

Finances – Treasurer to provide report. This will be issued separately.
